

Good Morning Miss Gilmartin,

We just wanted to thank you again for bringing the wonderful Glee Choir to the Vange Winter Festival last Wednesday. Not only did the children sing beautifully but were incredibly patient and professional while they were waiting. Everyone absolutely loved the singing without music, acapella I think it's called, they sounded so pure and gorgeous. They really brought a feeling of joy to the event and put a smile on everyone's face.

You might be interested to know over 200 people attended, it was a great event for Vange and the Glee Choir were a big part of making it so successful.

How heart warming it is to know that there are teachers like you helping children to express themselves through the joy of singing. We really appreciate the extra time you put into bringing the children along after school.

Thank you  
Sue
